Re: Rollin Smith
Your letter of November 16, 1981

Dear Mr. Oliver:

Mr. Smith has received your letter and will attempt to comply.

Most of the material that has been dumped out there is foundry sand which is sand that has been used to surround castings.

We wonder if you consider this a contaminated material.

Any assistance you could give us would be appreciated.

Sincerely yours,

BROWNE, DAGGETT & SCHLITT, P.C.
